Karkala, Udupi, Karnataka, India 576117

Education

Visvesvaraya Technological University 2022 – 2026
B.E. Computer Science & Engineering (Data Science)
• CGPA: 8.53/10

Experience

Engineering & Growth Intern — *Tessa Cloud* Jan 2026 – May 2026
• Developed scalable web components, improved platform usability, and collaborated with cross-functional teams to enhance user engagement and product growth.

Full Stack Data & Software Intern — *Supra Studios* Oct 2025 – Apr 2026
• Built React, Tailwind CSS, Node.js, Express, and Python applications while delivering end-to-end software and data-driven solutions.

Projects

Fraud Detection Pipeline GitHub
• Achieved 97% ROC-AUC on the IEEE-CIS dataset using XGBoost, LightGBM, PCA, SMOTE, and ensemble learning across 140K+ transactions with 430+ engineered features.

LA Capella Studios Website Live Website
• Developing a cinematic production-grade website using Next.js, Tailwind CSS, Framer Motion, and Vercel with reusable and performance-optimized components.

Ten Seconds Website Live Website
• Built and deployed a responsive client website using Next.js and Framer Motion with optimized UI/UX and scalable architecture.

Tessa Learn Platform Live Website
• Developed a full-stack internship and learning platform featuring responsive UI, workflow automation, and content delivery systems.

Technical Skills

- **Languages:** Python, Java, JavaScript, C, C++
- **Frameworks:** React, Next.js, Express.js, Tailwind CSS, Framer Motion
- **Machine Learning:** Scikit-learn, TensorFlow, XGBoost, Pandas, NumPy
- **Databases:** MySQL, MongoDB
- **Tools:** Git, Docker, FastAPI, Postman, Vercel

Publications

End-to-End Fraud Detection Pipeline 2026
• IEEE Xplore Link

Human Visual Perception and Emotion 2026
• IEEE Xplore Link

Leadership & Achievements

- IEEE Author with 2 International Conference Publications.
- Floor Host at DevFest GDG Cloud Mangalore.
- Conducted AI & Data Science workshops for 800+ students across schools and colleges.
- Delivered GenAI talks to 150+ participants.
- Winner of 2 Hackathons.
